e. Based on the order of computer selection, applicants shall be assigned a permit as follows:

1. Applicants shall be assigned a permit for either sex moose in a wildlife management unit indicated on their application;

2. If all permits for either sex moose in those wildlife management units are filled, applicants shall:

(i) Be assigned to a permit for an antlerless moose provided their application indicates they are willing to hunt antlerless moose in one of the wildlife management units having these permits available; and

(ii) Not be assigned a permit if their application indicates they are not willing to hunt antlerless moose; and

3. Once all of the initially drawn applicants have been considered for permits:

(i) Alternates shall be used to fill the remaining permits; and

(ii) Successful applicants drawn for a permit shall be notified by mail within 10 working days; and

f. The percentage of nonresident numbers drawn shall not be greater than the percentage of nonresident hunting licenses sold during the previous calendar year, and nonresidents shall be randomly distributed throughout the wildlife management units.
