This permit is not valid unless ALL information items have been provided and the proper distribution, including U.S.G.S. map or copy thereof, has been completed.

NOTE: SEE BELOW FOR IMPORTANT INFORMATION AND INSTRUCTIONS!

Baiting: The act of placing meat, carrion, honey or any other food or ingestible substance capable of luring or attracting coyote, fur-bearing animals, or game animals with the exception of gray squirrel (207:1 II-a)

No person shall engage in the act of baiting for fur-bearing animals, including coyote or game animals, with the exception of gray squirrel from April 15 to August 31.

No person may bait wildlife on the property of another unless he has secured from the owner or occupant of the property upon which the bait is to be deposited a permit (Permit To Bait Wildlife) in writing, signed by the owner or occupant, and until he has filed a copy of the permit with the Fish and Game Department as specified below, together with a USGS map or copy thereof showing the specific location of the bait site (207:3-d).

No person shall place bait less than 300 feet from a dwelling or public roadway, path or trail.

A permit to bait wildlife shall be valid for a single permittee only and shall have only that permittee's name entered on the permit. No person other than the permittee is authorized to place bait. At each bait site, an identification sign at least 3 x 6 inches in size shall bear the name and address of the person placing said bait, and shall bear the names of not more than 2 other persons permitted to hunt over the bait (excluding guides).

No identification sign at a bait site shall be altered by substitution or changing of the names listed thereon during the open season for taking bear.

A person with a current hunting license may be allowed a maximum of 2 active bait sites, depending on the species and WMU. A bait site shall be considered active if the baiting season for the species allowed on the permit to bait wildlife is open or if no specific expiration date is noted on the permit form.

From the close of the season to take bear with the aid and use of bait through December 15th, baiting for coyote shall be restricted to the use of meat, animal parts, carrion, or fish.

No person shall use the aid of bait to take wild turkeys.

Permit applications to bait wildlife on lands other than state owned and managed land shall not be considered unless received by the Department on or before the first Monday in August if baiting for bear, or by the first Monday in October for all other species.

On state owned or managed lands (National Forest) applications will be accepted at any time, except, applications for baiting bear and deer shall not be considered unless received between the first Monday in June and the first Monday in August. Note: Special rules apply for the Connecticut Lakes Headwaters Forest baiting permit lottery (see Fis 307.04(k)).

This permit does not convey any rights other than permission to bait the wildlife species indicated according to the laws of the State of New Hampshire, subject to whatever stipulations the landowner may prescribe.

Prior to the placement of any bait, copies of this permit shall be distributed as follows:

- Original to be retained by permittee.
One copy to be left with the landowner.
If baiting on state owned or managed land: One copy with USGS map attached shall be submitted in hand to the Law Enforcement Division at NH Fish and Game Headquarters in Concord, or be mailed to the Law Enforcement Division, NH Fish and Game Department, 11 Hazen Drive, Concord, NH 03301. Once it has been approved, our office will send you the signed permit.
If not baiting on state owned or managed land: Two copies with USGS map attached shall be submitted in hand to the Wildlife Division at NH Fish and Game Headquarters in Concord, or be mailed to the Wildlife Division, NH Fish and Game Department, 11 Hazen Drive, Concord, NH 03301. Other than for deer or bear, the permittee shall not place any bait until 3 days after the date of postmark during the open season.
